

INDEX

INEX is a full-scale developer covering construction, architecture, design, engineering and planning for high-end residential and commercial projects.

We take a product-focused approach, shaping each project from the initial concept to final delivery.

The company handles maintenance and facility management, taking care of operations and resolving any issues during a one-year warranty period at no extra cost.

VILLAS & APARTMENTS

Two apartment buildings and sixteen villas form one thoughtful community surrounded by trees and open space. It's a neighbourhood made for families – safe and close to both the city and the sea.

Apartments are designed with comfort and simplicity in mind. Open layouts, large verandas and natural light create an easy flow through the day. Ground-floor homes have private gardens where children can play, while the shared pool and lounge area add space for neighbours to meet and spend time together.

INTERIOR REFERENCES

The interior design follows the same philosophy as the exterior, embracing earthy tones and natural materials. Through generous openings, the spaces are filled with abundant natural light while framing views towards both the private oasis and the surrounding public green areas.
